LEFRANC BOURGEOIS PARIS

FINE OIL RANGE

B

RE

Since 1720, Lefranc Bourgeois has pioneered fine art colour, materials and tools.

The two founders combined their botanical, biological and visionary skills to define the natural origins of iconic pigments. In turn, legendary artists such as Millet, Braque, Picasso and Matisse have created masterpieces with a confidence born of quality.

Today, Lefranc Bourgeois paints are made to exacting standards, ready for you to create your own stories in colours.

THE HOUSE OF LEFRANC BOURGEOIS presents...

THE NEW EMBLEM a symbol of authenticity

The Lefranc family originally sold paints for the maritime industry. The caduceus and anchor was the first logo they used.

The caduceus symbolises peace, eloquence and trade.

Our new identity is bold and pays tribute to our proud French heritage.

FINE OIL RANGE

A NEW STYLE refined, elegant and contemporary

FINE OIL RANGE

FINE QUALITY TEXTURE ideal for hobbyists or students

The LEFRANC BOURGEOIS range of Fine colours is intended for students, hobbyists or beginners.

Also appreciated by professionals for their sketches, their bases or first layers which need a large amount of paint.

The LOUVRE and FINE ranges have merged together to offer a new range that meets the needs of nonprofessional artists.

The paste and texture are identical to the current Fine quality, offering long-term durability, excellent covering potential and great colour intensity.

The new range of 48 colours chosen from the Fine range's best-sellers ensures a more compact range that is more popular in shops.
